FUN FACTS

I'm a licensed pilot; I'm a published photographer; and I have circumnavigated the world heading east from Nashville to Uppsala, Sweden, to Busan, South Korea, to San Francisco and back to Nashville in 49 days.

MINISTRY PHILOSOPHY My passion for ministry involves helping equip women to study the Bible for themselves, to have good theology, and to serve God out of their unique design and season of life. I want to be about setting people up to be successful, turning others' dreams into realities, and creating lovely, cozy, hospitable environments for people to engage with God and others. My passions tend to center around practical beauty, hands on work, and good stewardship of our bodies and the world around us. I have a heart for Europe, specifically Sweden, college students, particularly young women entering the "real world" and those with intellectual barriers to God.

- PERSONAL SUMMARY**
- ◆ I grew up on a beef cattle farm just outside of Bowling Green, Kentucky. Since my birth on October, 17, 1976, I have called that beautiful land of green pastures and rolling hills home and love returning to visit my parents. I share lots of fond memories of hard work and life lessons with my (almost) "Irish twin" sister Jamie.
 - ◆ I grew up with no spiritual background and was a self-proclaimed atheist by my freshman year of college. In high school, God was preparing me to find the end of myself and began revealing Himself to me. By November of my first year in college (1995), when two girls with Cru stopped by my dorm room, I was ready to listen. It was the first time I had ever heard a clear, logical presentation of the gospel. That night I accepted the gift God offered me through Jesus Christ and my life began to change. Within a year, I was growing, learning and teaching others. By my third year of college, God had laid 2 Corinthians 5:14-15 on my heart in such a way that I wanted to serve in full-time ministry.
 - ◆ I was ordained and licensed for ministry in August of 2008 by Fellowship Bible Church of Rutherford County in Murfreesboro, Tennessee.
 - ◆ I enjoy adventures, mostly outdoors, such as kayaking, hiking and fishing. And inline with my artistic side, I love to sew, garden and cook.
